Be Uneek.

Scale, Endurance, Stability and Foresight have been the driving forces behind Uneek's growth for over 20 years and it's your success stories with us that have vitalised our endeavours.

Even in tumultuous times we believe in investing first and foremost in the best people, expanding our own manufacturing centres across the globe and doubling our distribution network to provide a bedrock to build upon our Mission Statement:

"A one-stop source of quality clothing, offering practicality and innovation in design. Ethically produced whilst maintaining market-leading competitiveness."

For You.

Every quarter will see new products introduced, our uncompromising focus on delivering industry beating quality and value will continue to be obsessed over.

Smarter ways of working with you, with all new shared analytics, will distinguish our service from the rest and drive our mutual success.

Manufacturer, Distributer and Service Provider

We value your custom and strive to remain your most valuable partner. And if you haven't joined our family yet, we welcome you to Be Uneek.

Yours,

The Uneek Family

Bespoke

Differentiation is what makes a brand memorable. With years of experience and leadership in this field, we are well equipped in manufacturing styles that your staff will love to wear. Elevating your profile and brand image with individuality and attention to detail is something we simply love doing. From the most intricate trim detailing to simplistic designs; we are passionate about getting it right.

Low minimum quantity, competitive prices and short lead times. What we can do — it's all in the details

Design Meets Convenience

Our bespoke clothing is a fantastic and convenient channel of customisation. You can explore unlimited bespoke possibilities. Our experienced personnel are always at hand to offer you the best bespoke solutions and address your customisation needs on time.

Bringing Brands Back to Life

Choose a simple modification to any of our stock range. Be it Polo shirts, Sweatshirts, Fleece Jackets, Tracksuits, Rugby Shirts or T-Shirts, we are happy to help. We also offer the option of your own design; you can virtually create any design you like. We can turn your virtual design into reality by means of a physical sample.

Consistency

We are passionate about the finer details that go into the production of our garments. We work closely with our technical teams to ensure consistency in yarn, colour, fabric and hand feel are met with precision. This enables us to reproduce the exact hand feel, weight, quality and colour for repeat orders every time.

Lead Times

One of our core strengths lies in quicker sampling and tighter bespoke bulk order lead-times. Our lead times are usually around the 10-12 week mark from a confirmed purchase order, subject to the information provided. Lead times vary depending on the complexity and work involved in the order/enquiry.

Minimum Order Quantity

We offer an extensive selection of stock fabrics that are immediately available for manufacturing. For most of our products like Poloshirts, Sweatshirts and Fleeces etc. we offer low minimum order quantities of 500 pieces per colour, per style, across sizes. The minimum order quantities will vary depending on the complexity/particulars and work involved in the order/enquiry.

MEASUREMENT GUIDE

A Size Guide on how to measure your body

Please find below the guide-lines on accurate body measurements to determine the correct clothing sizes. All our garments are produced with sufficient allowance for comfortable movement. For actual garment measurements, do refer to our specification sheet which you will find on the website.

HOW TO MEASURE:

A

Collar: measure around the base of the neck

B

Male Chest: place a measuring tape 2.5cm below underarm around the widest part of your chest

Female Bust: place a measuring tape around your widest part of your chest

Child Chest: place a measuring tape 2.5cm below the underarm around child’s chest

C

Waist line: place a measuring tape at the natural waist of your body

D

Hip Line: place a measuring tape at the widest part of your hips, it is approximately 20 - 22cm below your natural waist

E

Leg length: place a measuring tape along your inner thigh and measure from crotch to the bottom of your heel

F

Sleeve length: place a measuring tape along superior side of your arm. Measure from your shoulder bone down to top of your wrist

G

Child height: standing straight with bare feet, measure from the top of the head down to floor

Pantone References are for approximate colour reference only and may vary depending on the fabric/fabric composition/fabric texture that the garment is made of.

Pantone References are not a 100% true representation of the actual fabric in which the garments are made of. They are to be used as an approximate guide only.

*Charcoal, Heather Grey and Ash are melange effect shades. The Pantone References shown in these colours are an approximate solid shade representation. They do not replicate the actual melange effect of the garments available in these colours.

WASH & FAQ’S

Caring for your Uneek garment

WASHING

Before washing, always look at the care label and carefully follow the instructions. Most good quality detergents, washing machines and fabrics are manufactured to ensure that when the stated instructions are adhered to and the garment is washed according to the said temperature and dried as per the procedures mentioned; they will wash well and look good after each wash.

The following points should be used as guidelines for all garments:

- Before washing, close all zips, undo buttons, check pockets for loose or sharp objects, flatten out collars and cuffs
- Always refer to the Label before Washing
- Always check to ensure the Washing Machine is not overloaded
- Use a good quality detergent and ensure that the right amount of detergent is used

**60 Degree Wash:**

Low heat

Medium heat

High heat

**Warning:**
Do not Tumble Dry

**Dry Clean: Normal Cycle**
Any solvent except Trichloroethylene

**Warning:**
Do not Dry Clean

**Warning:**
Do not Bleach

PRINTING

Owing to the numerous processes and techniques used for printing on garments, we strongly recommend that a single garment is printed on, then washed and tested to ensure it meets your requirements before bulk printing. Care should be

taken to ensure the right kind of pigments/printing dyes are used while printing and the optimum temperature/heat levels are not exceeded. Violation of standards and procedures will result in the garment loosing it’s feel/lustre as well as weakening of the fabric and overall garment performance.

FAQ’s

GARMENT SHRINKAGE

Excessive Shrinkage is primarily due to factors such as heat and major agitation during the wash cycle. Always wash as per instructions stated on the care label.

FADING DUE TO SUNLIGHT

The effects of fading due to Sunlight are both harmful & irreversible. Constant and prolonged exposure to sunlight should be reduced as far as possible.

PILLING & BOBBLING

Abrasion and lack of care/timely washing of the garment leads to fibre balls appearing on the surface of the fabric. Remove by mild surface brushing.

TRIMS/ACCESSORIES BREAKING OFF

Trims & accessories like zippers, toggles, pocket lining and elastic cords are constructed for normal usage. Extensive abuse of the garment involving sharp objects, work areas with machinery and even the odd outburst of brute force results in the garment being damaged. Precaution & Care should be taken at all times.

COLOUR STAINING

Wash similar coloured garments together. Do not leave damp garments together for any length of time.
